

REMARKS

This Supplemental Amendment is in response to the Notice of Non-Compliant Amendment dated June 1, 2009.

In this Notice, the Patent Examiner stated that "the specification already includes a paragraph 1 but the 5-18-09 amendment proposes to insert another paragraph number 1 on page 1 above line 1, i.e. above the existing paragraph 1."

This will make of record a Telephone Interview between Patent Examiner Karin Reichle and the undersigned attorney on June 4, 2009, concerning the present patent application and the Advisory Action dated June 1, 2009.

The Applicant states that the Examiner Interview Summary dated June 5, 2009, correctly sets forth the substance of the Telephone Interview on June 4, 2009, in that there was a discussion of a typographical error in paragraph 7 of the Advisory Action of June 1, 2009, and in that there was a discussion of the corrections to be made to the Specification in order to overcome the non-compliant issues.

For these reasons, in this Supplemental Amendment in RCE, Page 1 of the Specification has been corrected above line 1 to recite only one paragraph [01] and to relabel the first paragraph

to be paragraph [01.1]. All of the other amendments and Remarks in the Amendment filed May 18, 2009, are herewith repeated. This is because this document is part of a Submission for an RCE, and thus only the corrected section (i.e.-Specification) is being revised and presented herewith. Hence, it is believed that these corrections to the Specification overcome the non-compliant issues.

For all these reasons, entry of this Supplemental Amendment is respectfully requested. Withdrawal of this objection as being a Non-Compliant Amendment is respectfully requested.

Respectfully submitted,
Robert NEUGEBAUER ET AL.
